ANIRUDH MAKKAR
BTech Computer Science Engineering (AI & ML)
CGC Landran

SKILLS
- Python
- Basics of Machine Learning
- Generative AI (RAG, LangChain)
- FAISS Vector Database
- HuggingFace Embeddings
- Git & GitHub

PROJECTS
1. PDF Chatbot using RAG
   - Built a PDF-based question answering system
   - Used LangChain, FAISS, and HuggingFace embeddings
   - Converted PDF text into chunks and performed semantic search

2. Resume Screening Chatbot (In Progress)
   - Analyzes resumes for AI/ML internship suitability
   - Uses document-based question answering

EDUCATION
BTech CSE (AI & ML)
CGC Landran
2023 – 2027

INTERESTS
- Artificial Intelligence
- Machine Learning
- Generative AI
